**COMPLAINT AGAINST THE LIMPOPO PROVINCIAL GOVERNMENT REGARDING THE
DISAPPEARANCE OF R300 MILLION IN PENSION MONIES FROM THE EMPLOYEES OF
GREAT NORTH TRANSPORT**

Dear Sirs,

1. The abovementioned matter bears reference.
2. It is has been established that the Great North Transport (Pty) Ltd ("GNT") a bus company that is wholly owned by the Limpopo Economic Development Agency.
3. To date, more than 800 current and former employees of GNT have been left without their retirement savings, as R300 million of the pension funds monies mysteriously disappeared.
4. This sad and unacceptable state of affairs came to pass once GNT failed to pay their contributions to the pension fund administrators and made short payments for a period of 17 years. This is despite the fact that deductions had been made from the employees' salaries; which is in breach of the Pension Funds Act 24 of 1956.
5. Seemingly, the employees' pension fund contributions were instead used as cash flow to fund the operations of GNT.

6. Corruption steals from the poor and these individuals' futures have been curtailed and their lives have been seriously damaged.
7. We call on you to investigate the disappearance of the R300 million as a matter of urgency.
8. Kindly acknowledge receipt of this complaint.

Yours Faithfully
