REPLY

1. The total of 491 companies and individuals not yet blacklisted is attached (**Annexure A**). On 20 September 2025, a list of 509 referrals was received by National Treasury from the Presidency. Of the referrals, 18 have been blacklisted and 491 are still under review.
2. National Treasury made a follow up and communicated with the above affected organs of state after receiving the referrals, Eskom (**Annexure B**), Umngeni Water Board (**Annexure C**), and Transnet (**Annexure D**). MICT SETA submitted their restriction requests prior to National Treasury making a follow up and can confirm that the MICTSETA restrictions were uploaded however some are outstanding (as per the list on question 1 above). National Treasury can also confirm that subsequent to the communication sent to all the organs of state, some have duly processed their requests for restriction. These companies were either restricted or referred back (as per the attached list on question 1 above) due to non-compliance with legislative requirements such as the Instruction Notes, General Conditions of Contract, and Preferential Procurement Regulations. However, several organs of state have yet to submit their request for restrictions to National Treasury. It should be noted that National Treasury does not initiate the restriction but facilitates the process of loading the restriction on the database of restricted suppliers. The process is initiated by the organs of state and in the absence of requests from the
